Inventory and procurement indicators

Portfolio-wide indicators. Open order value does not establish an unpaid liability.

| Indicator          | Value      |
|--------------------|------------|
| Material lines     | 2          |
| Need replenishment | 1          |
| Open order value   | Rs. 50,000 |
| Late deliveries    | 1          |

Inventory replenishment register

Filtered inventory. Shortfall is to the recorded minimum, not a demand forecast. Different units must not be added together.

| Material | Unit | On hand | Minimum | Shortfall to minimum | Stock health     |
|----------|------|---------|---------|----------------------|------------------|
| Cement   | bags | 3       | 10      | 7                    | Low stock        |
| Steel    | kg   | 100     | 20      | 0                    | Within threshold |

Purchase order follow-up

Search-filtered purchase orders. Inventory health filters do not restrict this register. Open order value is not necessarily unpaid.

| Purchase order | Supplier     | Project              | Status    | Order value | Expected delivery | Follow-up                           |
|----------------|--------------|----------------------|-----------|-------------|-------------------|-------------------------------------|
| PO-001         | Supplier One | Riverside Apartments | Confirmed | Rs. 50,000  | 2025-01-01        | Overdue delivery — contact supplier |
